Polish Boccia Association is full member of BiSFed since the beginning of Federation.

## BISFED 2016 WORLD OPEN – PÓVOA DE VARZIM

13<sup>TH</sup> to 19<sup>TH</sup> JUNE, 2016

In recent years Boccia has grown in Poland tremendously in popularity, encompassing over 25 organisations. From 2010 Polish Championships attracts attention of many athletes. Polish Boccia has become internationally more popular thanks to World Boccia Open which was successfully organized last June in Poznan and annual International PolskaBoccia events. It is not a surprise that there is a growing interest in the discipline - many players are willing to practice Boccia professionally. After 20 years of development Boccia in Poland has achieved great success because of one simple reason – Boccia is not only challenging the athletic potential but also enhancing the life of people with disabilities.

Poles still realize that they are very young on the map of World Boccia, but they work hard everyday to be champions in the future. They hopefully believe that Boccia will become No.1 of Polish Paralympic sports.
